

REMARKS

The Examiner issued a Notice of Drawing Inconsistency with Specification on May 13, 2008. Applicant notes that the Draftsman split original Figure 19 into five figures, and original Figure 20A into two figures. The specification has been amended to correct references to Figures 19A-E showing the schematic and Figure 19F showing the multiplexed keyboard timing diagram. Figures 20A – F have been amended to read Figures 20a1, a2, b, c, c, and e. The specification has also been amended to be consistent with reference to Figures 20a1 and 20a2.

It is believed these amendments correct the drawing inconsistency. The application is believed ready for publishing.

Respectfully submitted,

June 11, 2008
